All-
Just a quick heads up that we are expecting anytime to get a signed executive order on issues that will impact us. You may have seen what's online, but we understand that language is draft.

At any rate, we may be asked to work out the impacts of the final executive order quickly and/or what steps we will need to take to implement. So I ask that you be near your phones or email this weekend in case we need to work quickly. Apologies for having to ask!

Thanks.

Subject: RE: Executive Order

That could get very dicey in that many N600 and N600K applicants are already citizens by operation of law - save the oath taking. We would also need to consider those cases where State Department has already issued the COC applicant a US Passport.

Subject: RE: Executive Order

Would N-600/N-600K be included in this? Should we also suspend COC for the affected countries? I am thinking specifically of over 14 that are required to take the oath prior to receiving their certificate.

The attached document is a matrix breaking down the EO into its component parts and action items. I've added columns for QAs and started compiling those I saw come across this morning and some early ones I saw from Div. 1.

The Policy and general objectives language at the beginning pulls key language from the EO for quick reference when we're drafting statements. The date conversion chart indicates the calendar dates associated with any specific timeframe mentioned in the EO.

I am working to convert this to Excel over the weekend so it's a little more scalable, but wanted to pass it on for initial use.

Please let me know if you have any questions or see anything that needs editing.

Thanks,

Shannon E. Slattery

For section 4, do we need to take any actions prior to the "plan" described in section four being developed and implemented? And who is responsible for developing the plan?

For section 6, should we adjudicate cases in TRIG hold? It doesn't seem like exemptions are forthcoming.

To start and just on this part of the EO:

1. Are the following forms impacted: N-400s, N-336, I-601A, I-131, I-765, N-565, I-130, ...?
2. Should we deschedule oath ceremonies for individuals from the 7?
3. How do we handle N-400s 120+ days from interview?
4. Should we stop RFEs?
5. Should we stop scheduling interviews?

Subject: RE: Executive Order

Everyone should be compiling a list of all of their questions and getting them to Jess so Lori and I have a complete list. If there are URGENT questions that we need answers to before Monday go ahead and flag those for us but I'm not sure the Department is going to get to us immediately, they are likely dealing with issues at the POEs which have a bit more urgency. I did send the question of whether this impact naturalization or not to the Department in an attempt to get an answer this weekend only because we have oath ceremonies scheduled for Monday.

Subject: RE: Executive Order

I would also like to flag I-730s. While adjudication does not give status to those outside the US, it does for those inside. Also, since part of the directive is to reviewing to enhance information we collect and screening, we likely will be proposing changes to the I-730 process, to include revisions to the form and the I-730A, which would be completed by the beneficiary. We have mock ups and can move quickly, but need to think first about those in pipeline. Maura has giving directive to staff outside US to cancel pick up document pickups for 730s for next week.

We are working on further guidance and of course will coordinate with SCOP.

State has also issued guidance. Will forward.

Thanks for sending this, Lori.

As we've discussed, the most urgent question is whether adjustments and extensions or changes of nonimmigrant status are impacted. Separately, is there any impact on petitions for beneficiaries abroad since we would not be determining admissibility? I would think not, but it would be good to have clarity.

Subject: RE: Executive Order

If we can define "suspend processing" as "suspend prior to approval", then one option would be to continue with the interviews, since it is likely we have some that are scheduled as soon as Monday for affected applicants and then hold the cases post interview. We are trying to scrape our schedulers (C4 and NASS) to see when and where we have interviews scheduled for individuals from affected countries. We should have that sometime Monday.

Subject: Executive Order

Tracy,

It is my understanding that POTUS will sign the "Protecting the Nation from Terrorist Attacks by Foreign Nationals" order today at 4:30pm. In complying with the EA I believe we need immediate clarification in Section 3 (c) relative to the 30 day suspension of processing immigrants and non-immigrants from the designated countries of interest and if this extends to processing of permanent resident applications. Though the EA states "immigrant and non-immigrant entry into the United States", once we grant an adjustment we "admit" that person [REDACTED] (b)(5)
We just need to clarify if by extension this applies to our product lines. If this is the case then Don and Dan will need to get guidance to the Field to put these adjudications on hold. Other than the refugee suspension that appears fully deployed on our end this appears the most urgent clarification we need relative to the EAs.

Thanks,

Date: Saturday, January 28, 2017 11:29:56 AM

Field Leadership

As noted below, it will be critical for field offices to ensure that staff members are aware of the need to hold all pending cases for individuals who were born or who are nationals of these countries. We will be providing the standard NFTS code to which offices must place these cases while pending additional guidance. It is important that all field offices use the code provided to facilitate national tracking. I will provide you with that code Monday. Additionally, NER is in the process of creating a report for all field offices in USCIS what will identify the cases and NFTS file locations within your respective offices to facilitate the segregation of the cases. We should have that also early next week.

Please let us know if you have questions or concerns. Thanks

Shelley M. Goodwin

Subject: Executive Order: PROTECTING THE NATION FROM FOREIGN TERRORIST ENTRY INTO THE UNITED STATES - Field Operations Instructions

On January 27, 2017, the President signed an Executive Order that, in part, relates to the suspension of processing of certain immigration benefits. Section 3(c) of the Executive Order invokes sections 212(f) and 217(a)(12) of the INA to temporarily suspend the entry of immigrants and nonimmigrants who are from Syria, Iraq, Iran, Somalia, Yemen, Sudan, and Libya for 90 days from the date of the Executive Order.

Effectively immediately and until additional guidance is received, you may not take final action on any petition or application where the applicant is a citizen or national of Syria, Iraq, Iran, Somalia, Yemen, Sudan, and Libya. Field offices may interview applicants for adjustment of status and other benefits according to current processing guidance and may

process petitions and applications for individuals from these countries up to the point where a decision would be made. At that point, cases shall be placed on hold until further notice and will be shelved with specific NFTS codes which will be provided through the Regional Offices. Offices are not permitted make any final decision on affected cases to include approval, denial, withdrawal, or revocation.

Please look for additional guidance later this weekend on how to process naturalization applicants from one of the seven countries listed above who are currently scheduled for oath ceremony or whose N-400s have been approved and they are pending scheduling of oath ceremony.

We expect to issue more detailed guidance and procedures as needed in the coming days. Questions or requests for additional clarification may be directed to the Regional Offices through your chain of command.

Pharrah,
Just a quick run through of ACMS shows we have some open cases. The Iranian cases are not yet assigned. Shelly has the Yemeni cases, and Trevor has the Sudanese cases. Not as fancy as a Robin report, but something to start with.
Iran 2 I-600A 1 I-600 cases, Yemen 1 family, Sudan 2 families

Subject: FW: Executive Order: PROTECTING THE NATION FROM FOREIGN TERRORIST ENTRY INTO THE UNITED STATES - Field Operations Instructions

Colleagues,

Please see the message below from AD Daniel Renaud. Per his instructions please cease taking final action on those petitions and applications where the applicant or beneficiary is a citizen or national from any of the listed countries. If you encounter a case that falls into this category please set it aside for the time being. We'll issue further guidance early next week. Thanks for your help in this matter.

Subject: Executive Order: PROTECTING THE NATION FROM FOREIGN TERRORIST ENTRY INTO THE UNITED STATES - Field Operations Instructions

On January 27, 2017, the President signed an Executive Order that, in part, relates to the suspension of processing of certain immigration benefits. Section 3(c) of the Executive Order invokes sections 212(f) and 217(a)(12) of the INA to temporarily suspend the entry immigrants and nonimmigrants who are from Syria, Iraq, Iran, Somalia, Yemen, Sudan, and Libya for 90 days from the date of the Executive Order.

Effectively immediately and until additional guidance is received, you may not take final action on any petition or application where the applicant is a citizen or national of Syria, Iraq, Iran, Somalia, Yemen, Sudan, and Libya. Field offices may interview applicants for adjustment of status and other benefits according to current processing guidance and may process petitions and applications for individuals from these countries up to the point where a decision would be made. At that point, cases shall be placed on hold until further notice and will be shelved with specific NFTS codes which will be provided through the Regional Offices. Offices are not permitted make any final decision on affected cases to include approval, denial, withdrawal, or revocation.

Please look for additional guidance later this weekend on how to process naturalization applicants from one of the seven countries listed above who are currently scheduled for oath ceremony or whose N-400s have been approved and they are pending scheduling of oath ceremony.

We expect to issue more detailed guidance and procedures as needed in the coming days. Questions or requests for additional clarification may be directed to the Regional Offices through your chain of command.

Daniel M. Renaud

Subject: Draft of Exception Process - EO
Attachments: 192 eo option.docx

All: Based on yesterday's discussions for EO, attached is a draft from SCOPS on what might work if we were required to develop an exception for folks that are here in the US, but may need to travel for work and student reasons. Can you please take a look from your perspective and let us know if you have any concerns? Its due to the Department this afternoon, so we will need a response as quickly as possible. So sorry for the quick turnaround on this.

Appreciate your help.

Donna Campagnolo
HQ Service Center Operations

Exception Options

Background: As a result of recent Executive Orders relating to limiting travel to the United States from 7 identified countries, the Department of Homeland Security is in a challenging position to assist individuals that may be stuck in this process.

This proposal specifically applies to the population of individuals, currently in the United States, that came to the US on a valid business or student visa, and still has a current, unexpired visa and passport.

This is a truly unique situation for the Agency. One that we haven't encountered to date, thus, will require something new to be implemented. Essentially, DHS needs to create a process that would allow the individuals stuck in this scenario to apply to the Department prior to leaving the country. This provisional review will ensure that, upon their return to the United States, they will be allowed reentry. The goal being that this new process will provide them with a document that they could present to CBP when they arrive to allow entry.

It is estimated per the Department of State (DOS), as communicated to USCIS by CBP that approximately 18,000 people could be in this population.

While we believe that the best option to truly stay aligned to the intent of the Order is to not allow this, we understand that the Department needs to consider and possibly create an option to assure impacted individuals a safe return to the US. USCIS currently doesn't have an existing process that allows for this, thus, a new process must be created for this sole reason. As a result, USCIS is proposing two possible options for consideration.

Subject: EO Country Statistics
Attachments: CAT Reports 2-1.xlsx

Julie,

Here are the EO country statistics for 1/31/2017 for I-485s, N-400s, N-600s, and N-600ks. Note that we are still working on interviews scheduled for I-485s but we wanted to get these to you tonight. We do not have I-730 data yet but we met late this afternoon with SCOPS and RAIO to come up with a plan on how to consolidate and report the data. We were able to run totals on the I-485s pending to see how many were asylees (9.7%) and refugees (64.2%).

Let me know if you have any questions or concerns. I have not sent these tables to the larger group, but the data specifications have been coordinated at the worker level.

Subject: EO Statistical Report 2/3
Attachments: CAT Reports 2-3.xlsx

Julie,

Attached is the EO report with data primarily through 2/2. Please note the following issues:

- FOD was sent 20 I-485 case records on 2/2 where it appears that I-485s were approved after 1/27/17. They are still in the process of reviewing them.
- The increase in pending I-485s between 1/31 and 2/1 of about 1,000 held steady into 2/2. The assumption is that the increase was due to incomplete uploading before 2/1 and not any significant increase in receipts.

Source: Central Index System (CIS), SMART Tool, CLAIMS3, and CLAIMS4; Prepared by USCIS, Office of Performance and Quality

Note: Delays in reporting will result in changes in totals by date. Data should be mostly complete after 2-3 days.

Applications selected if the beneficiary had either a country of birth or country of citizenship in the 7 countries.

* The number of pending (I-485) adjustments increased by 1,054 between 1/31 and 2/1. Pending was relatively unchanged on 2/2.

It appears that this may have been due to a system issue which is still under investigation..

The pending totals may be revised depending on the findings as to the cause.

Subject: EO Statistics 2/2
Attachments: CAT Reports 2-2.xlsx

Julie,

Attached is the EO report with data primarily through 2/1. Please note the following issues and changes in the report from yesterday:

- FOD was sent 20 I-485 case records where it appears that I-485s were approved after 1/27/17. They are still in the process of reviewing them.
- As I indicated when I spoke to you, we have an inexplicable increase in the number of pending I-485 applications pending over the past day. We suspect this is a system issue as nearly all of the added records were received in 2015 and should have appeared in the 2 previous daily runs. We did not change our program so we suspect it was a system uploading error. We will adjust the totals to the extent we can after we research this some more.
- We now have data on interviews scheduled over the next 7 days for both I-485s and N-400s, though the I-485 data are not available by country. The totals for 1/28 show the number of interviews scheduled for 1/29 and the next 6 days.
- The N-600K receipt total of 3 from yesterday's report was in listed in error. The correct total in today's report is that we have not received any N-600Ks from the 7 countries.

Mike

Attachments: Maher Memo Re Delegation to Commissioner of CBP for Exercise of Auth Under 5(e) of President's Exec Order.pdf
Attachment 1 - Delegation to CBP 5(e) waiver Authority.docx
Importance: High

Lori and Tracy – were you award of this recommended delegation that would make CBP responsible for exercising the refugee exemption authority under 5(e)? Seems quite odd to me. At least it should be "in consultation with" USCIS.

Also, the factual representation under "Need" is off-base. There is no reason to "expect hundreds of individuals to seek such waivers in the next week." PRM will be controlling who gets put forward for exemptions.

Julie,

Please find attached a completed, final TRIG package for AD1's consideration. We made sure to note in the briefing memo that the draft PM would need to go through the Exec Sec process, but we wanted to include a complete draft now just in case a quick decision is made to go this route. We'd then be poised to get this into that process immediately.

Thank you for coordinating the feedback on this package. We look forward to next steps.

Thanks,
Karen S.

Hi, Karen. Please see OCC's edits. If you could review the briefing memo and the attachment A and have those back to me by noon today, that would be appreciated.

I think they're correct about needing to send the PM update through the full clearance process, but I think we can hold off on that until the front office and Department give us more direction as to where they want to go with these TRIG cases. But it's great that we already have this drafted. Thanks for all your work on this.

Julie,
Attached are OCC's edits to the briefing memo. Also included are the attachments that we edits. We did not have edits to the other two attachments. I was wondering if this briefing memo is just for the USCIS FO or if it's intended for DHS? I assume that it is being packaged as EO-related since you are coordinating all EO-related items. Also, will the draft PM (Attachment D) go through ExecSec in a separate process or is this the clearance process for the PM? I guess I'm just trying to figure out the intent here. Appreciate any insight.

Thanks again for the extension of time.
Colleen

Good afternoon,

Attached is the briefing paper RAIO drafted regarding TRIG cases (special thanks to Karen Sohrakoff for her quick work on this!). If you have any edits or comments on the attached documents, please provide them to me by COB Monday. Thank you and have a nice weekend.
